Students Using VocabularySpellingCity

Students do not need to log in or have an account in order to use VocabularySpellingCity. Only students of Premium Members need to log in.

Students have two ways of getting started:

1. They can type their spelling words into the notepad on the homepage, then click on their desired activity - Spelling Test, TeachMe, or Play A Game. The student's list will stay in use as long as he/she continues using the navigation buttons at the bottom of each activity.
2. If you have an account with VocabularySpellingCity and have published lists, students can use the Find A List feature to search for your lists.

Help Finding A List

- Click the Find A List Link on VocabularySpellingCity's home page to find a list searching by a teacher's name, parent's name, list name, and even by a school.
